

Participants are invited to submit manuscripts based on 19th International Symposium on Advances in Extraction Technologies (ExTech2017) presentations for possible publication in [Analytica Chimica Acta](#), [Journal of Chromatography A](#) or [Chemosphere](#) with the intention of publishing in a Virtual Special Issue that is dedicated to this symposium.

A Virtual Special Issue (VSI) essentially rules out possible delays in publication for contributors to the special issue and will make this conference special issue more complete and accessible than it has ever been. Please see below its advantageous characteristics:

- All submitted manuscripts will go through normal peer review process per selected journal's standard;
- Accepted papers will be published individually in earliest possible regular journal volumes at Science Direct, which ensures very fast publication speed for each individual article;
- There will be a footnote included in each published paper, indicating at which conference it was presented;
- The virtual collection of all accepted articles will be hosted at the journal homepage of *Analytica Chimica Acta*;
- The VSI will also include a preface, conference photos, award information if any, of the conference.

Authors are suggested reading the Scopes of these three journals carefully when selecting the best-fit journal for submission.

Submission instructions:

- Submission links:

Analytica Chimica Acta: <http://ees.elsevier.com/aca/>

Journal of Chromatography A: <http://ees.elsevier.com/chroma/>

Chemosphere: <https://ees.elsevier.com/chem/default.asp>

- Click on the "Submit Paper" option from the top menu;
- Enter your user name and password (first time users will have to register);
- After entering the title of your manuscript, please select article type "**VSI: ExTech2017**";
- Follow the remaining step-by-step instructions to submit your paper.
- Submission deadline: **1st Nov 2017**

When preparing your manuscript(s), please carefully follow the Guide to Authors of your selected journal, which you can find on the online submission site or journal homepage site.

In your cover letter please mention that your manuscript is intended for the ExTech2017 virtual special issue.

All manuscripts will be subjected to the mandatory selection process for the journal selected, including the strict peer review procedure; therefore acceptance for presentation at the meeting is not a guarantee for publication in the journal.

In case you require any assistance during the submission process, please contact Elsevier's Author Support (authorsupport@elsevier.com). For any questions on VSI publication, please contact a.yuan@elsevier.com

Thanks in advance for your contribution!
